

Facility Naming Program

Recognition for Major Gifts

New and existing facilities may be named in recognition of donors to the College, Educational Foundation, or Scholarship Foundation.

The SCC District makes facilities naming available to recognize significant monetary contributions. Naming recognition may also be considered for an individual or a business or organization who has made a significant contribution of time, effort, or service to SCC Solano Community College District.

The Superintendent-President's Office and the SCC Educational Foundation publish recommended contributions for specific areas. A financial gift shall not automatically result in the naming of a building or area. The final decision is made by the SCC District Board of Trustees. Below are typical examples of the financial contribution required:

- Individual seat plaques typically start at \$250-\$500.
- Naming of offices and study rooms begins at \$2,500.
- Naming of classrooms and meeting rooms is typically from \$10,000 to \$100,000.
- Major spaces and labs or campus areas such as patios, lobbies, sports fields, the bookstore, or cafeteria begins at \$100,000 to \$250,00.
- Existing buildings may be named, such as the library or gymnasium on the main campus or other buildings at any SCC location. These require gifts above \$1-5M.

Each naming recognition must be consistent with mission and goals of Solano Community College. The District Governing Board must approve the facility name upon a recommendation of the College Superintendent-President in consultation with the SCC Educational Foundation and/or SCC Scholarship Foundation as appropriate.

Recent Construction and Renovation Projects

Library and Learning Resource Center

This 59,000 sq. ft. building replaced the Library on the Fairfield campus. Construction was completed in May 2021.

Performing Arts Center Renovation

Completed Fall 2017 and includes a modernization, lobby expansion, and facade upgrades.

Automotive Technology Building

Completed Fall 2017, this Vallejo project is home to SCC's largest career-tech program.

Biotech and Science Building

Completed Fall 2017 at the SCC Vacaville Center, this building houses the new Bachelor's Degree Program.

Science and Veteran's Center This state-of-the-art 44,000 sq. ft. Fairfield campus project was dedicated in August 2019.

SOLANO COMMUNITY COLLEGE
EDUCATIONAL FOUNDATION

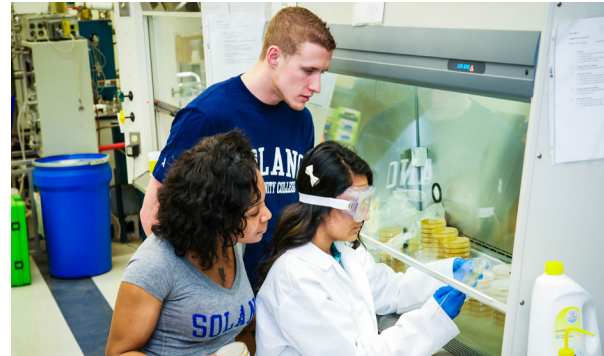

SCC Bachelor's of Science Degree Biomanufacturing Program

One of 15 Programs in California

- The California State legislature approved SB 850 in 2014, authorizing 15 (of 116) community colleges in California to establish baccalaureate degrees.
- After a competitive application process, Solano Community College was approved in May 2015 to offer a Bachelor's of Science Degree in Biomanufacturing. The first students graduating SCC with a Bachelor's degree was the class of 2019.
- Biomanufacturing means growing living cells (bacterial, yeast, and animal cells) in large tanks called bioreactors and inducing them to produce a protein that serves as a medicine. That protein then must be separated from other cellular components and purified by using techniques that exploit its properties to isolate it away from other cellular proteins. Then technicians use analytical techniques to prove the purity of the isolated protein.
- Solano College's program emphasizes practical, hands-on training to emulate the work environment. Students follow Standard Operating Procedures, fill out Batch Production Records, and simulate Good Manufacture Practice practices demanded by the Food and Drug Administration.

SCC pioneered curriculum for the biotech manufacturing sector

Vacaville Biotech Center

Funded by voter approved Measure Q, the Biotechnology Department at SCC is located at the SCC Vacaville Center.

- The new building upgraded facilities and increased student capacity to respond to local biotech expansions.
- Within view of the Vacaville biotech company cluster.

\$10,000 Total Tuition

Total tuition for the Bachelor's of Science Degree (all four years) is approximately \$10,000.00, allowing many SCC students to graduate without student loan debt.

- Lower division courses \$46 per unit.
- The upper division (the third and fourth years) cost \$130 per unit.

Solano Community College

Biotechnology Career Pathway

Quick Facts

About Solano Community College

Did you know....

- SCC is one of the most ethnically diverse community colleges in California, reflecting the population in Solano County.
- SCC is the number one college choice for Solano County residents. SCC educates half of the public high school seniors bound for State colleges and universities in our District.
- SCC is an affordable pathway to a four year university or good paying technical career. Tuition is just one-tenth of UC, yet most of our students need financial assistance to stay in college. SCC is just one of 15 community colleges in California to offer a Bachelor's Degree.
- SCC provides career technical education in subjects such as auto tech, drafting, accounting, nursing and biotechnology. These programs are also available to military veterans, workers that suffered a job loss, or retired individuals with the desire to train for a new career.
- SCC is a part of the California Community College (CCC) system that is one of the most efficient higher education programs in the US with 1.8 million students in 116 colleges.

Fall 2022 Demographics

Students and Classes

- Nearly 12,000 Students Annually
- 8,426 Fall 2022 Semester Students
- 873 Credit Sections/Classes

Ethnicity/Race

- 35% Hispanic
- 23% White, Non-Hispanic
- 16% Asian/Filipino/Pacific Islander
- 14% African American
- 10% Multi-Ethnic

Age/Gender

- 36% 19 years old or less
- 29% 20-24 years old
- 31% 25-49 years old
- 5% 50 years or older
- 55% Female
- 42% Male

Financial Aid Recipients

- About half of SCC students receive some form of financial aid

SCC Facility Naming Program Vacaville Biotech Center

Contact Curt Johnston: (707) 249-1667 or curt.johnston@solano.edu

The SCC District makes facilities naming available to recognize significant monetary contributions. Below are the recommended contributions for specific areas of the Biotechnology and Science building at the SCC Vacaville Center.

The use of the funds donated is typically directed to the College program located in the building being named, or related activities such as scholarships for students in the program. Note that the final decision to recognize a gift is made by the SCC District Board of Trustees, so please contact us to discuss your available options.

Facility Naming Options Vacaville Biotech Center	Suggested Donation Range
Building Title Name Rights	\$7.5 MM -- \$10 MM
Public Spaces within the Building	
Main Entrance Lobby, Room 1100	\$500,000 -- \$750,000
Conference Room, Room 1112	\$50,000 -- \$100,000
Primary Instructional Spaces	
Front Biotech Lab, Room 1102	\$250,000 -- \$450,000
Biotech Reactor Lab (next to Lobby), Rm. 1103	\$250,000 -- \$450,000
Biotech Lab, Room 1119	\$200,000 -- \$350,000
Biotech Lab, Room 1121	\$150,000 -- \$300,000
General Chemistry Lab, Room 1122	\$100,000 -- \$200,000
Organic Chemistry Lab, Room 1128	\$100,000 -- \$200,000
Biology Lab 1, Room 1129	\$150,000 -- \$150,000
Biology Lab 2, Room 1136	\$150,000 -- \$150,000
Anatomy Dry Lab, Room 1137	\$100,000 -- \$100,000
Anatomy Wet Lab, Room 1137A	\$100,000 -- \$100,000
Instructional Support Spaces	
Biotech Growing Room, Room 1101	\$50,000 -- \$75,000
Biotech Growing Room, Room 1118	\$50,000 -- \$75,000
Biotech Clean Room, Room 1102A	\$25,000 -- \$50,000
Biotech Clean Room, Room 1102B	\$25,000 -- \$50,000
Biotech Skills Room, Room 1102C	\$25,000 -- \$50,000

ABOUT US

Solano Community College Educational Foundation

Providing the Gift of Education

Few things in life make an impact as powerful as education. It is the great equalizer in our society, and provides the less fortunate a path to achieve career goals, regardless how lofty or seemingly impossible. At the SCC Educational Foundation, our mission is to provide a helping hand up to students struggling financially to stay enrolled in college. These students are dedicated to self-improvement, but need financial resources to stay enrolled.

Supporting the Students Most in Need

Although SCC tuition is just one-tenth of that at a UC campus, most Solano Community College students need financial assistance to stay in college. In fact, approximately half of SCC students are from very low-income households. These students need assistance with books, transportation, and basic supplies, as well as academic support services to stay enrolled in life changing higher education classes.

An Organization You Can Trust

The SCC Educational Foundation is an independent 501(c)(3) California nonprofit public benefit corporation established in 1985 that supports Solano Community College. We assist individual students through financial need-based scholarships, raise funds for College departments, and plan fund raising events that highlight the outstanding programs at SCC.

By investing in the Foundation, you'll have the confidence to know that your resources will be put to good work immediately, and you'll be helping local students achieve their college dreams.

A Track Record of Success

Since July 2013, with the help of individual and corporate donors, SCCEF has provided \$2.3M to support the College, including \$489,000 for student scholarships, \$105,000 for the Athletic Department and \$58,000 for the Alumni Association. Additionally, the Foundation generated \$510,000 to produce outreach and fundraising events to assist the College, and SCCEF retains approximately \$547,000 in restricted accounts immediately available for nearly 100 College departments, programs., and student clubs.
