Naming Opportunities

It's a dream come true! A modern facility dedicated to training the next generation of performing arts students in Solano County.

Solano Community College has a rich performing arts history. Today, a talented faculty is focused on educating the next generation of students in robust Theater Arts and Music programs. The programs include studies in rehearsal & performance, acting & drama, script analysis, set & prop design, lighting & sound, stage management, make-up, costume design, and instrumental & vocal studies. The renovation includes:

- Reconfigured auditorium seating into two levels, enhancing views of the stage and accommodating an audience of 450.
- Two building additions including 2,800 sq. ft. of assembly space in a new lobby, and a 900 sq. ft. rest room expansion.
- Exterior facade modernizations including a new main building entry, and replacement of flooring, walls and ceilings.
- Building structural upgrades, replacement of mechanical, electrical and plumbing infrastructure and a new roof.
- Renovation will be completed for the Fall 2017 semester.

Please consider a gift today! Your contribution will make a lasting impact on the next generation of SCC students.
